

## Public Meeting Notice

# City of Greenfield Downtown Streetscape Master Plan

**Where:** Civic Center Council Chambers, 599 El Camino Real, Greenfield, CA

**When:** April 26, 2012, 7:00 p.m.

**Who is invited:** Business Owners, Property Owners, Interested Citizens

### What is the Streetscape Master Plan?

The City of Greenfield is preparing a Streetscape Master Plan for the downtown core with the goal of upgrading and enhancing the five (5) blocks of historic El Camino Real from Elm to Walnut Avenue.

Proposed improvements in the Master Plan may include new, wider sidewalks, retaining angled parking, enhanced landscaping, decorative streetlights, decorative 'street furnishings' such as benches, bike racks and newspaper racks, art elements, and other features to make driving, parking and walking in the downtown a more pleasant and attractive experience.

The purpose of this workshop will be to introduce the project, and collect ideas and input from the citizens, property owners and business owners.

For further information on this project, or to have your name placed on the mailing list for future mailings, please contact Douglas Pike, MNS Engineers, at (805) 697-1405 (e-mail at [dpik@mnsengineers.com](mailto:dpik@mnsengineers.com))
